3. You will get to the results

The screenshot shows the Global eJournal Library search results for the term "engineering". The page features a navigation bar with "Open Journals" and "My Favourite Journals" options. Below the navigation bar, there are tabs for "Basic Search", "Journal Finder", "Author Finder", "Advanced Search", "Search History", and "View Marked Results". The main content area is divided into two columns. The left column, titled "Filter Results By", contains two sections: "Subject" and "Authors". The "Subject" section lists various subjects with their respective counts, such as "Information Science and Sy..." (11084), "Electrical Engineering" (8254), "Computer Science (Hardw..." (7780), "Mechanical Engineering" (7407), "Civil Engineering" (5720), "Electronics" (5683), "Business Management" (4247), "Biochemistry.(Life Science..." (4200), "Education & Careers" (3738), and "Biology.(Life Sciences -> B..." (3532). A "Show more" button is located at the bottom of the "Subject" section. The "Authors" section lists "Howard McKew" (96) and "Kevin T Higgins" (96). The right column displays the search results. At the top, the search term "engineering" is entered in a search box, with "Refine Search" and "New Search" buttons. Below the search box, the results are displayed in a list format. The first result is "Functional Requirements Identification Using Item-To-Item Collaborative Filtering". Other results include "A Comparison of Navigation Model between Uwe and WebML: Homepage Development Case Study", "The Interdisciplinary Lesson Plan of Interdisciplinary Teaching in Science-Based Technology School", "Classroom Implementation of Active Instructional Strategies for Undergraduate Stem Education", "Exploration and Practice on Bilingual Course 'Principles of Electrical Engineering'", "A further Analysis of the Importance of Systematic Reviews to Computer Science", and "Social Comparison as a Motivational Agent among Students".

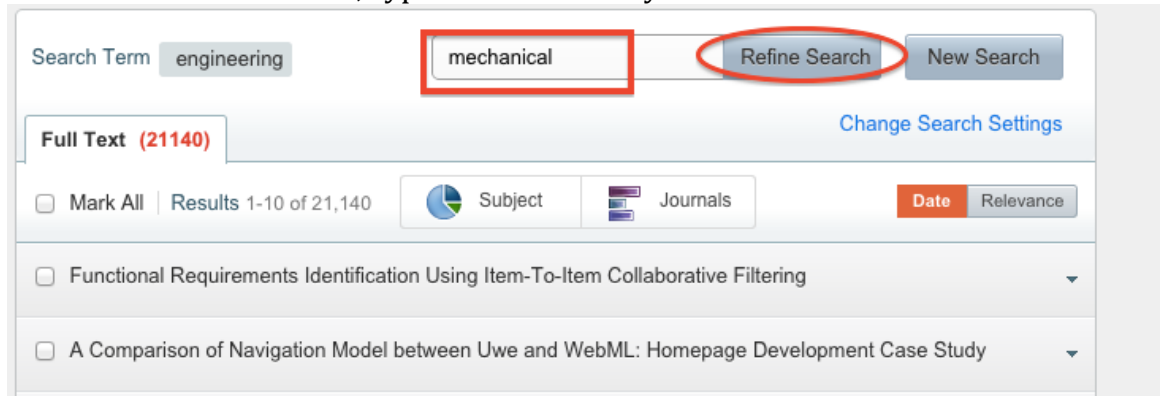

4. In order to filter search results by specific subject areas navigate to left pane, click on "Show more", select desired area/areas and apply the filter

This screenshot is identical to the one above, but with red boxes highlighting the "Filter Results By" section on the left. The "Subject" section is highlighted with a red box, and the "Show more" button is also highlighted with a red box. The rest of the page, including the search results and navigation bar, remains the same.

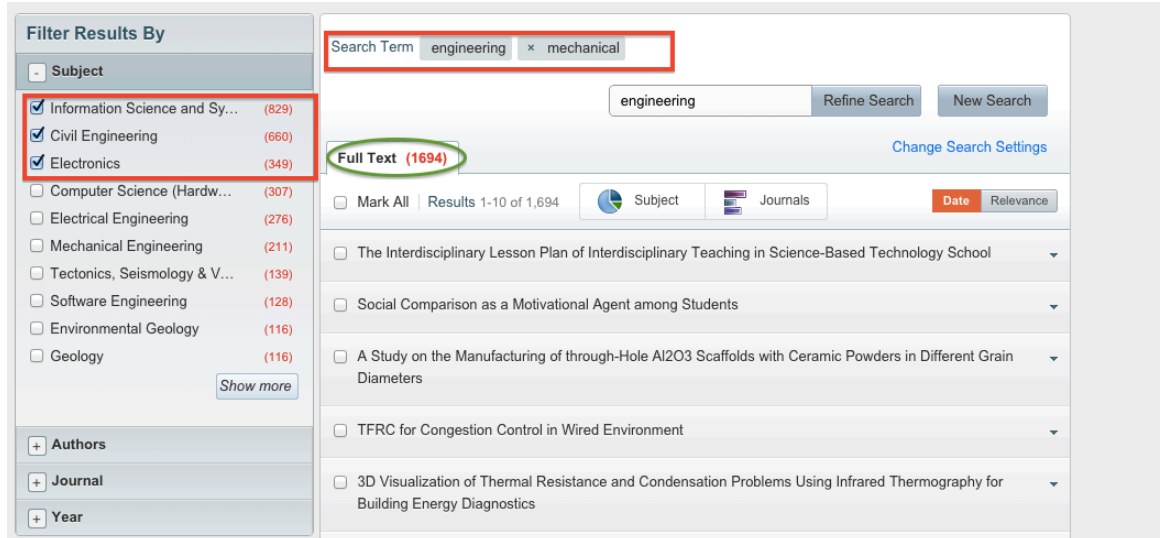

5. Filters for Author, Journal and Year of publication are available as well:

6. You can also search unlimited number of times within your existing search results. In order to do so, type the desired keyword in "Refine Search" box:

Once "Refine Search" has been clicked. The engine will search all articles within the previous results, which contain the new keyword. The feature, therefore, empowers the user to perform granular customized searches until he finds something of interest:

7. By clicking on “Subject” icon, the graphic chart view of articles across all subject categories will be displayed.

The screenshot shows a search results page. On the left, there is a sidebar with a list of subject categories, each with a checkbox and a count in parentheses. The categories are: Civil Engineering (660), Electronics (349), Computer Science (Hardw... (307), Electrical Engineering (276), Mechanical Engineering (211), Tectonics, Seismology & V... (139), Software Engineering (128), Environmental Geology (116), and Geology (116). Below this list are expandable sections for Authors, Journal, and Year. On the right, the search results are displayed. At the top, it says "Full Text (1694)" and "Change Search Settings". Below that, there are options for "Mark All", "Results 1-10 of 1,694", and a "Subject" icon (highlighted with a red box) next to a "Journals" icon. There are also buttons for "Date" and "Relevance". The search results list includes titles such as "The Interdisciplinary Lesson Plan of Interdisciplinary Teaching in Science-Based Technology School", "Social Comparison as a Motivational Agent among Students", "A Study on the Manufacturing of through-Hole Al2O3 Scaffolds with Ceramic Powders in Different Grain Diameters", "TFRC for Congestion Control in Wired Environment", "3D Visualization of Thermal Resistance and Condensation Problems Using Infrared Thermography for Building Energy Diagnostics", and "CAE Analysis for Fatigue Failure for Coiled Spring Life Enhancement in Press Machine Stamping Operation".

The amount of articles per each category is indicated in the graph as well:

The screenshot shows the same search results page, but with a pie chart titled "SUBJECT CATEGORY" displayed. The chart shows the distribution of articles across the subject categories. The categories and their counts are: Civil Engineering (660), Electronics (349), Computer Science (Hardw... (307), Electrical Engineering (276), Mechanical Engineering (211), Tectonics, Seismology & am... (139), Software Engineering (128), Environmental Geology (116), and Geology (116). The "Computer Science (Hardw..." category is highlighted with a red box. Below the chart, there are options for "Mark All", "Results 1-10 of 1,694", and a "Subject" icon (highlighted with a red box) next to a "Journals" icon. There are also buttons for "Date" and "Relevance". The search results list includes titles such as "The Interdisciplinary Lesson Plan of Interdisciplinary Teaching in Science-Based Technology School".

In order to get back to your search results, click on “Subject” icon again.

8. By clicking on “Journals” icon, the list of all journals with articles in your search results will be displayed.

The screenshot shows a search results interface. On the left, there is a sidebar with a list of subjects and their corresponding article counts. The 'Journals' filter is highlighted with a red box. The main content area displays a list of search results, each with a checkbox and a title.

When clicking on particular journal name, related articles will be displayed

The screenshot shows a search interface with a sidebar on the left titled "Filter Results By". Under the "Subject" filter, several categories are checked: Information Science and Sy... (829), Civil Engineering (660), and Electronics (349). Other categories like Computer Science (Hardw... (307), Electrical Engineering (276), Mechanical Engineering (211), Tectonics, Seismology & V... (139), Software Engineering (128), Environmental Geology (116), and Geology (116) are unchecked. A "Show more" button is at the bottom of the filter list. Below the filter list are expandable sections for "Authors", "Journal", and "Year".

The main search area shows "Search Term" as "engineering" and "mechanical". There are buttons for "Refine Search" and "New Search". Below this, it says "Full Text (1694)" and "Change Search Settings". There are also buttons for "Mark All" and "Results 1-10 of 1,694".

A "JOURNALS" section is displayed as a horizontal bar chart. The top journal is "Electronic Journa..." with 116 articles. Other journals include "Journal Of Visual..." (101), "ACM TechNews" (86), "International Jou..." (54), "Research Journal ..." (36), "Annals Of The Fac..." (32), "International Jou..." (28), "International Jou..." (28), "Journal Of Software" (28), and "World Academy Of ..." (28). The "Electronic Journa..." entry is highlighted with a red box.

At the bottom, there is a dropdown menu showing "The Interdisciplinary Lesson Plan of Interdisciplinary Teaching in Science-Based Technology School".

In order to get back to your search results, click on "Journals" icon again.

9. To get to a desired article, click on the arrow next to the article name

The screenshot shows a list of search results. The first result is "Social Comparison as a Motivational Agent among Students" with a dropdown arrow highlighted by a red box. The second result is "A Study on the Manufacturing of through-Hole Al2O3 Scaffolds with Ceramic Powders in Different Grain Diameters". The third result is "TFRC for Congestion Control in Wired Environment".

Details of article will then be displayed:

The screenshot shows the details of an article. At the top, there is a dropdown menu showing "The Interdisciplinary Lesson Plan of Interdisciplinary Teaching in Science-Based Technology School".

The article details are as follows:

- Author:** Kanphitcha Kodkanon; Pichet Pinit
- Author Email:** 54501801@kmutt.ac.th
- Affiliation:** Department of Mechanical Technology Education, Faculty Industrial Education and Technology, King Mongkut's University of Technology Thonburi, Thailand
- Source:** International Journal of Information and Education Technology ; Vol 5 No 9, Sep 2015 ; PP: 693-697
- Keywords:** Intercultural Education; Interdisciplinary Lesson Plan; Team-Teaching; Science-Based Technology

At the bottom right, there are two buttons: "Abstract" and "Full Text".

By clicking on either “Abstract” or “Full Text” button, you will be redirected to a new window, where you can open the article either as a full text or as a PDF file

The screenshot shows the J-Gate interface for an article. At the top, the J-Gate logo is displayed with the tagline "The largest E-Journal Database & Gateway". Below the logo, the article details are listed: Title: "The Interdisciplinary Lesson Plan of Interdisciplinary Teaching in Science-Based Technology School", Journal: "International Journal of Information and Education Technology", Volume: 5, Issue: 9, Date: 2015, Page: 693. The "Full-Text Source" section is highlighted, showing two categories of links: "Dynamically generated Full Text links" and "Static Full Text links*". Under "Dynamically generated Full Text links", there is a link for "Article Fulltext" and a "Report an Issue" button. Under "Static Full Text links*", there is a link for "PDF" and another "Report an Issue" button. A note at the bottom states: "*Use Static link(s) in case you find the Dynamic link(s) is missing/inactive".

10. In order to start a new search, type desired keyword in the search field and click on “New Search” button.

The screenshot shows the Global eJournal Library search interface. The top navigation bar includes "My Account" and "Logout". Below this, there are tabs for "Open Journals" and "My Favourite Journals". The main navigation bar contains "Basic Search", "Journal Finder", "Author Finder", "Advanced Search", "Search History", and "View Marked Results". The search area features a search term field with "engineering" and "mechanical" entered, and a "Germany" filter box highlighted with a red circle. A "New Search" button is also highlighted with a red rectangle. The search results section shows "Full Text (1694)" and a list of results, including "The Interdisciplinary Lesson Plan of Interdisciplinary Teaching in Science-Based Technology School".

You will get the list of all articles related to a new keyword, e.g. Germany.

23. Go to “Create Alerts” tab and type desired keyword of your interest in the search field. You can also select subject within which you wish to perform the search.

The screenshot shows the 'Create Alerts' interface. At the top, there are navigation tabs: 'Open Journals', 'My Favourite Journals', 'Basic Search', 'Journal Finder', 'Author Finder', 'Advanced Search', 'Search History', and 'View Marked Results'. Below these are three main tabs: 'Create Alerts' (active), 'View Alerts', and 'Edit Registration'. The user information section displays: Name: Miriama Baranova, E-mail: baranovamiriama@gmail.com, Department: Admin Support, Profile: Assistant. The 'Alert Topic' field is empty. On the left, the 'Browse By Subjects' section has a 'Select All' checkbox checked and highlighted with a red box. The search results section shows 'Results Showing 1-10 of 18,616' with 'Machine Learning' entered in the search box and highlighted with a red box. Below the search box is an alphabetical index and a table of results:

| 2 | <input type="checkbox"/> 1611: A Journal of Translation History |

24. Then, select a journal/journals of your interest and save them to your favourites.

This screenshot shows the same 'Create Alerts' page but with more search results. The search term 'Machine Learning' is still in the search box. The 'Browse By Subjects' list on the left is expanded, showing various subjects with checkboxes. The search results table now shows 7 results, with the first three checked and highlighted by a red box:

| SI. No. | Journal Title |

| 5 | <input type="checkbox"/> Journal of Interesting Negative Results in Natural Language Processing and Machine Learning |
| 6 | <input type="checkbox"/> Journal of Machine Learning Technologies |
| 7 | <input type="checkbox"/> Transactions on Machine Learning and Artificial Intelligence |

On the right side, an 'Added Journals' list shows the first three journals from the results table, each with a red 'X' icon. At the bottom right, the 'Save' button is highlighted with a red box, and the 'Cancel' button is next to it. The bottom of the page shows pagination options (10, 25, 50, 100) and a page number '1'.

25. If not done before, you will be now prompted to enter a Folder Name in which your favorite journals will be saved.

The screenshot shows the 'Global eJournal Library' interface. At the top, there is a dark blue header with the site name and user information. Below this is a navigation bar with several tabs: 'Open Journals', 'My Favourite Journals', 'Basic Search', 'Journal Finder', 'Author Finder', 'Advanced Search', 'Search History', and 'View Marked Resu'. A secondary navigation bar contains three buttons: 'Create Alerts', 'View Alerts', and 'Edit Registration' (which is highlighted in red). The main content area features a registration form with the following fields: 'First Name *', 'Last Name *', 'Department *', 'Describe your Profile *' (a dropdown menu currently set to 'Others'), and an empty field with a red asterisk. At the bottom right of the form are 'Save' and 'Cancel' buttons.
